GUARD SOLVENT E

Page: 1 Compilation date: 05/09/2008 Revision date: 02/03/2017 Revision No: 1 Reference: A0054B

## Section 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

Product name: GUARD SOLVENT E

REACH registered number(s): 01-2119457290-43

CAS number: 78-93-3

EINECS number: 201-159-0

Index number: 606-002-00-3

Synonyms: MEK

BUTANONE

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of substance / mixture: Solvent for industrial use. Agrochemical uses. Raw material for pesticides. PC18: Ink

and toners. PC30: Photo-chemicals.

1.3. Details of the supplier of the safety data sheet

Global Head Office: New Guard Coatings Group Sandbeck Way Wetherby West Yorks LS22 7DN United Kingdom

Tel: 01937 586311

Email: uksales@newguardcoatings.com

## www.newguardcoatings.com

#### 1.4. Emergency telephone number

Emergency tel: 01423 358058 (Office Hours Only)

Section 2: Hazards identification

## 2.1. Classification of the substance or mixture

| Classification under CHIP: | F: R11; Xi: R36; -: R66; -: R67 |
|----------------------------|---------------------------------|
|                            |                                 |

Classification under CLP: STOT SE 3: H336; Eye Irrit. 2: H319; Flam. Liq. 2: H225; -: EUH066

Most important adverse effects: Highly flammable. Irritating to eyes. Repeated exposure may cause skin dryness or

cracking. Vapours may cause drowsiness and dizziness.

#### 2.2. Label elements

Label elements under CLP:

Hazard statements: H225: Highly flammable liquid and vapour.

## GUARD SOLVENT E

|                            |  | Page: | 2 |
|----------------------------|--|-------|---|
|                            | H319: Causes serious eye irritation.   |       |   |
|                            | H336: May cause drowsiness or dizziness.   |       |   |
|                            | EUH066: Repeated exposure may cause skin dryness or cracking.                      |       |   |
| Signal words:              | Danger   |       |   |
| Hazard pictograms:         | GHS02: Flame   |       |   |
|                            | GHS07: Exclamation mark  |       |   |
|                            |  |       |   |
| Precautionary statements:  | P210: Keep away from heat/sparks/open flames/hot surfaces No smoking.              |       |   |
|                            | P261: Avoid breathing vapours.   |       |   |
|                            | P243: Take precautionary measures against static discharge.                        |       |   |
|                            | P304+340: IF INHALED: Remove victim to fresh air and keep at rest in a position    |       |   |
|                            | comfortable for breathing.   |       |   |
|                            | P305+351+338: IF IN EYES: Rinse cautiously with water for several minutes. Remove  |       |   |
|                            | contact lenses, if present and easy to do. Continue rinsing.                       |       |   |
|                            | P403+233: Store in a well-ventilated place. Keep container tightly closed.         |       |   |
| Label elements under CHIP: |  |       |   |
| Hazard symbols:            | Highly flammable.  |       |   |
|                            | Irritant.  |       |   |
|                            | *  |       |   |
| Risk phrases:              | R11: Highly flammable.   |       |   |
|                            | R36: Irritating to eyes.   |       |   |
|                            | R66: Repeated exposure may cause skin dryness or cracking.                         |       |   |
|                            | R67: Vapours may cause drowsiness and dizziness.                                   |       |   |
| Safety phrases:            | S23: Do not breathe fumes.   |       |   |
|                            | S9: Keep container in a well-ventilated place.                                     |       |   |
|                            | S33: Take precautionary measures against static discharges.                        |       |   |
|                            | S16: Keep away from sources of ignition - No smoking.                              |       |   |
|                            | S26: In case of contact with eyes, rinse immediately with plenty of water and seek |       |   |
|                            | medical advice.  |       |   |
| 2.3. Other hazards         |  |       |   |
| Other hazards:             | In use, may form flammable / explosive vapour-air mixture.                         |       |   |

**PBT:** This substance is not identified as a PBT substance.

## Section 3: Composition/information on ingredients

GUARD SOLVENT E

Page: 3

#### 3.1. Substances

#### Chemical identity: ETHYL METHYL KETONE

#### **CAS number:** 78-93-3

EINECS number: 201-159-0

## Section 4: First aid measures

#### 4.1. Description of first aid measures

Skin contact: Remove all contaminated clothes and footwear immediately unless stuck to skin. Wash immediately with plenty of soap and water. If large areas of the skin are damaged or if irritation persists seek medical attention.

Eye contact: Remove any contact lenses and open eyes wide apart. Immediately flood the eye with plenty of water for at least 15 minutes, holding the eye open. Get medical attention if any discomfort continues

**Ingestion:** Wash out mouth with water. Promptly get affected person to drink large volumes of water to dilute the swallowed chemical. Get medical attention immediately.

Inhalation: Remove casualty from exposure ensuring one's own safety whilst doing so. If breathing stops or shows signs of failing, give artificial respiration. Get medical advice if the symptons continue.

#### 4.2. Most important symptoms and effects, both acute and delayed

Skin contact: There may be irritation and redness at the site of contact.

Eye contact: There may be irritation and redness. The eyes may water profusely.

Ingestion: There may be soreness and redness of the mouth and throat.

**Inhalation:** There may be irritation of the throat with a feeling of tightness in the chest. Exposure may cause coughing or wheezing.

Delayed / immediate effects: Immediate effects can be expected after short-term exposure.

4.3. Indication of any immediate medical attention and special treatment needed

Immediate / special treatment: Eye bathing equipment should be available on the premises.

#### Section 5: Fire-fighting measures

#### 5.1. Extinguishing media

Extinguishing media: Alcohol resistant foam. Water spray. Carbon dioxide. Dry chemical powder. Use water

spray to cool containers.

### 5.2. Special hazards arising from the substance or mixture

Exposure hazards: Highly flammable. In combustion emits toxic fumes. Forms explosive air-vapour mixture.

Vapour may travel considerable distance to source of ignition and flash back.

#### 5.3. Advice for fire-fighters

Advice for fire-fighters: Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes.

#### GUARD SOLVENT E

## Section 6: Accidental release measures

| 6.1. Personal precautions, pr  | otective equipment and emergency procedures  |  |
|--|--|--|
| Personal precautions: Refer to section 8 of SDS for personal protection details. If outside do not approach from |  |  |
|  | downwind. If outside keep bystanders upwind and away from danger point. Mark out the         |  |
|  | contaminated area with signs and prevent access to unauthorised personnel. Turn              |  |
|  | leaking containers leak-side up to prevent the escape of liquid. Eliminate all sources of    |  |
|  | ignition.  |  |
| 6.2. Environmental precaution  | ns   |  |
| Environmental precautions:   | Do not discharge into drains or rivers. Contain the spillage using bunding.                  |  |
| 6.3. Methods and material for  | r containment and cleaning up  |  |
| Clean-up procedures:   | Absorb into dry earth or sand. Transfer to a closable, labelled salvage container for        |  |
|  | disposal by an appropriate method. Do not use equipment in clean-up procedure which          |  |
|  | may produce sparks.  |  |
| 6.4. Reference to other section  |  |  |
| Reference to other sections:   | Refer to section 8 of SDS.   |  |
| Section 7: Handling and stor   | age  |  |
| 7.1. Precautions for safe han  | dling  |  |
| Handling requirements:   | Avoid direct contact with the substance. Ensure there is sufficient ventilation of the area. |  |
|  | Do not handle in a confined space. Avoid the formation or spread of mists in the air.        |  |
|  | Smoking is forbidden. Use non-sparking tools.  |  |
| 7.2. Conditions for safe stora   | ige, including any incompatibilities   |  |
| Storage conditions:  | Store in cool, well ventilated area. Keep container tightly closed. Keep away from           |  |
| -  | sources of ignition. Prevent the build up of electrostatic charge in the immediate area.     |  |
|  | Ensure lighting and electrical equipment are not a source of ignition.                       |  |
| Suitable packaging:  | Must only be kept in original packaging.   |  |
| 7.3. Specific end use(s)   |  |  |
| Specific end use(s):   | No data available.   |  |
| •  |  |  |

## Section 8: Exposure controls/personal protection

## 8.1. Control parameters

## Workplace exposure limits:

## Respirable dust

| State | 8 hour TWA | 15 min. STEL | 8 hour TWA | 15 min. STEL |
|-------|------------|--------------|------------|--------------|
| UK    | 600 mg/m3  | 899 mg/m3    | -          | -            |

## GUARD SOLVENT E

**Page:** 5

## Hazardous ingredients:

#### ETHYL METHYL KETONE

## Workplace exposure limits:

| State | 8 hour TWA | 15 min. STEL | 8 hour TWA | 15 min. STEL |
|-------|------------|--------------|------------|--------------|
| UK    | 600 mg/m3  | 899 mg/m3    | -          | -            |

Respirable dust

#### 8.2. Exposure controls

| Engineering measures: Ensure there is sufficient ventilation of the area. Ensure lighting and electrical |  |  |
|--|--|--|
|  | equipment are not a source of ignition.  |  |
| Respiratory protection: If   | f exposure levels are likely to be exceeded, use a full face mask fitted with an organic |  |
|  | AXP3 filter for short term low level exposures.For long term or high level               |  |
|  | exposures, compressed airline breathing apparatus should be used. Self-contained         |  |
|  | breathing apparatus must be available in case of emergency.                              |  |
| Hand protection:   | Nitrile gloves. Viton gloves.  |  |
| Eye protection:  | Safety goggles. Ensure eye bath is to hand.  |  |
| Skin protection:   | Wear appropriate clothing to prevent any possibility of skin contact.                    |  |
| Environmental: E   | missions from ventilation or work process equipment should be checked to ensure          |  |
|  | they comply with the requirements of environmental protection legislation.               |  |

## Section 9: Physical and chemical properties

#### 9.1. Information on basic physical and chemical properties

| State:                        | Liquid                         |                        |       |
|-------------------------------|--------------------------------|------------------------|-------|
| Colour:                       | Colourless                     |                        |       |
| Odour:                        | Characteristic odour           |                        |       |
| Evaporation rate:             | Moderate                       |                        |       |
| Oxidising:                    | Non-oxidising (by EC criteria) |                        |       |
| Solubility in water:          | Soluble                        |                        |       |
| Also soluble in:              | Most organic solvents.         |                        |       |
| Boiling point/range°C:        | 79-81                          | Melting point/range°C: | -86   |
| Flammability limits %: lower: | 1.8                            | upper:                 | 11.5  |
| Flash point°C:                | -6                             | Autoflammability°C:    | >404  |
| Vapour pressure:              | 9.99kPa@20C                    | Relative density:      | 0.807 |

9.2. Other information

Other information: Not applicable.

## Section 10: Stability and reactivity

10.1. Reactivity

Reactivity: Stable under recommended transport or storage conditions.

#### GUARD SOLVENT E

#### 10.2. Chemical stability

Chemical stability: Stable under normal conditions. Stable at room temperature.

## 10.3. Possibility of hazardous reactions

Hazardous reactions: Hazardous reactions will not occur under normal transport or storage conditions.

Decomposition may occur on exposure to conditions or materials listed below.

#### 10.4. Conditions to avoid

Conditions to avoid: Heat. Hot surfaces. Sources of ignition. Flames.

## 10.5. Incompatible materials

Materials to avoid: Strong oxidising agents. Strong acids.

#### 10.6. Hazardous decomposition products

Haz. decomp. products: In combustion emits toxic fumes.

### Section 11: Toxicological information

11.1. Information on toxicological effects

#### Relevant hazards for substance:

| Hazard                        | Route | Basis              |
|-------------------------------|-------|--------------------|
| Serious eye damage/irritation | OPT   | Based on test data |
| STOT-single exposure          | -     | Based on test data |

Symptoms / routes of exposure

Skin contact: There may be irritation and redness at the site of contact.

Eye contact: There may be irritation and redness. The eyes may water profusely.

Ingestion: There may be soreness and redness of the mouth and throat.

**Inhalation:** There may be irritation of the throat with a feeling of tightness in the chest. Exposure may cause coughing or wheezing.

Delayed / immediate effects: Immediate effects can be expected after short-term exposure.

#### Section 12: Ecological information

12.1. Toxicity

#### **Ecotoxicity values:**

| Species       | Test     | Value | Units |
|---------------|----------|-------|-------|
| Daphnia magna | 48H EC50 | >100  | mg/l  |
| FISH          | 96H LC50 | >100  | mg/l  |

#### 12.2. Persistence and degradability

Persistence and degradability: Biodegradable.

## GUARD SOLVENT E

#### 12.3. Bioaccumulative potential

**Bioaccumulative potential:** No bioaccumulation potential.

#### 12.4. Mobility in soil

Mobility: Readily absorbed into soil.

#### 12.5. Results of PBT and vPvB assessment

PBT identification: This substance is not identified as a PBT substance.

#### 12.6. Other adverse effects

Other adverse effects: Negligible ecotoxicity.

#### Section 13: Disposal considerations

#### 13.1. Waste treatment methods

Disposal operations: Transfer to a suitable container and arrange for collection by specialised disposal

company.

Disposal of packaging: As for substance. Used containers must not be cut up or punctured until completely

purged of product residues.

NB: The user's attention is drawn to the possible existence of regional or national

regulations regarding disposal.

#### Section 14: Transport information

14.1. UN number

UN number: UN1193

14.2. UN proper shipping name

#### Shipping name: ETHYL METHYL KETONE (METHYL ETHYL KETONE)

#### 14.3. Transport hazard class(es)

Transport class: 3

14.4. Packing group

Packing group: ||

14.5. Environmental hazards

Environmentally hazardous: No

Marine pollutant: No

14.6. Special precautions for user

Special precautions: No special precautions.

Tunnel code: D/E

Transport category: 2

#### Section 15: Regulatory information

## GUARD SOLVENT E

Page: 8

## 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

## 15.2. Chemical Safety Assessment

Chemical safety assessment: A chemical safety assessment has not been carried out for the substance or the mixture

by the supplier.

### Section 16: Other information

## Other information

| Other information:         | This safety data sheet is prepared in accordance with Commission Regulation (EU) No      |
|----------------------------|--|
|                            | 453/2010.  |
|                            | * indicates text in the SDS which has changed since the last revision.                   |
| Phrases used in s.2 and 3: | EUH066: Repeated exposure may cause skin dryness or cracking.                            |
|                            | H225: Highly flammable liquid and vapour.  |
|                            | H319: Causes serious eye irritation.   |
|                            | H336: May cause drowsiness or dizziness.   |
|                            | R11: Highly flammable.   |
|                            | R36: Irritating to eyes.   |
|                            | R66: Repeated exposure may cause skin dryness or cracking.                               |
|                            | R67: Vapours may cause drowsiness and dizziness.   |
| Legal disclaimer:          | The above information is believed to be correct but does not purport to be all inclusive |
|                            | and shall be used only as a guide. This company shall not be held liable for any         |
|                            | damage resulting from handling or from contact with the above product.                   |
|                            |  |
